The ultimate way to become
the best version of yourself is
to get so in touch with
your own sensuality that you make
life seem effortless and
utterly beautiful all at the same time.

fashion is about going ahead, not about memory

elegance is not standing out, but being remembered.

When a woman smiles, then her dress should smile to.

elegance comes from being as beautiful inside as outside

style is the woman herself

Evening fashions have to be fabulous. Don't be just better...be the BEST.

It is ever so much easier to be good if your clothes are fashionable

you don't have to be perfect to be pretty

The happiness of being envied is **glamour**

The most important thing to wear is a smile
