Songs of beauty

1005

In the sea of the mundane  
you alone score a margin  
of life in an otherwise over-  
swimming world. A vision of  
you, and in your marvelously  
bewitching smile the shore, of  
an land surrounded by  
the vast and jealous  
oceans, ever trying to claim  
at your beauty, but fail-  
ing everywhere. You stand  
unimpaired, untouched and  
a lioness.

Songs of beauty

**1002**

In this set of the morning you alone score a margin of life in an otherwise overrunning world. A vision of you, and in your marvellous countenance tell the story of an land surrounded by the vast and jealous oceans, ever trying to chisel at your beauty, but failing everywhere. You stand unimpaired, untouched and unbroken.
